Last Saturday it was hot and sunny so Pete and I went to a camp site near the beach. We took our sleeping bags and an old tent with us. In the morning we went swimming. The sea was very cold! In the afternoon we played volleyball on the beach with some other boys. We had something to eat at the café and we went to bed at about half past ten. But we only slept for about an hour because then it started to rain. After a few minutes the rain started to come into our tent and then into our sleeping bags. The tent had a hole in it!

We went home early on Sunday morning. It was a very short trip!
